

**Justice** is defined as the quality of being fair and reasonable and the administration of the law or authority in a court of law on an equal basis. In the United States by the Constitution and Bill of Rights all citizens are guaranteed under the law to be innocent until proven guilty in a court of law and to have equal **Justice** under the law with all citizens having equal standing. Is this so in our United States of America at this present time? I declare **“not so”** as those of notoriety as elites and reputation, receive one standing while those of common standing are not given equal **Justice**. All depends on whether you are a Republican, Democrat, favored by the party in leadership of the State or Nation, or have lots of money. The **Department of Justice, FBI, CIA**, etc have been politicized and each render decisions that allow them to keep their jobs. This is not to say that there are not fair-minded individuals in the ranks but to point to leadership who control the narrative.

A person who received injustice writes: **“Justice** is not a rally, no matter how big it is. **Justice** is not a wage, no matter how fair it is. **Justice** is a way of looking at life. It is a way of seeing every other person, and the rights of that person and the work that that person does for you, and that you do for him. **Justice** is the way you fit in, and the way you allow other people to fit in. There is no lone **Justice**. There is no solitary **Justice**. There is no work of **Justice** that isolates another person. **Justice** is the great unifying principle of all of life. A single life may look for comfort. A single life may look for love. But all life, when it is lived together, looks for **Justice”**.

The Word of God speaks often of **Justice** and the results of righteousness by saying in Psalm 37:25 *“I have been young, and now am old; yet I have not seen the righteous forsaken, or his descendants begging bread.”* Fear Not! We serve a God who owns the cattle on a thousand hills, and He always has our very best interest in mind. He has not brought us this far only to let us down. Amos 5:24 says *“But let **Justice** roll down like waters and righteousness like an overflowing stream.”* And God says to those who are seeing injustice in Rom 12:19 *“Never take your own revenge, beloved, but leave room for the wrath of God, for it is written ‘Vengeance is mine, I will repay’, says the Lord”*.

There is a concern for justice in our world today. However, to achieve justice for the world, we must better understand how God views it. God is merciful but Scripture also tells us that He is a just God who will judge injustice and wrongs. God sees the hearts and minds of men and will judge all men. As Christians, we should stand up against injustice and love others with our words and actions. We can have peace knowing that God's will prevails, and evil will be dealt with.

So as Conservative Christians what do we do? We should first pray for the salvation of the souls of the unrighteous including God removing their hearts of stone. We should ask the Almighty to begin to open their eyes of their understanding and for God to reveal Christ to them. We should also agree that any law opposing God's higher law and any legislation that would silence the voices of God's men and women would utterly fail. The United States has arrived at a season in history in which Christians and freedom seekers should begin studying the various methods used by Christians in extreme Socialist and Communist nations and the methods they use to survive and continue their work. We may need to follow their steps in the future.

This is an example as to how **Justice** can be sought, but if the **Justice System** is corrupt the result will be futile. Our Nation's **Justice System** has been undermined by political opinion for many years. Politics has no business in a legal system that is, or supposed to be, based on the Constitution and Bill of Rights:

# America's Frontline Doctors attorney files lawsuit against U.S. government for 45,000 covid vaccine deaths

Ohio-based attorney Thomas Renz is suing the federal government for pushing “vaccines” for the Wuhan coronavirus (Covid-19) that have reportedly caused at least 45,000 deaths so far. At a recent conference in Anaheim, Calif., Renz announced that a whistleblower insider submitted a sworn declaration under oath attesting to the fact that the American military-industrial complex is trying to cover up massive death numbers from the jabs that are not being publicly reported. “I’m filing papers in federal court today,” Renz told a cheering audience – you can *watch the clip below*.

“Jane Doe gave me some information, she’s an insider, she’s a whistleblower. We are submitting to federal court today, based on a sworn declaration, under threat of perjury this woman attested to this, and she is an expert. We know, based on what she’s said, that there have been at least 45,000 deaths from this vaccine.” Renz says the whistleblower has seen “inside the systems” where vaccine injuries and deaths are being reported that at least 45,000 people in the United States have died within three days after getting injected – and this is just one system that reports to the federal government.

## Realistically, more than half a million Americans are now dead because of covid vaccines

According to Renz, there are as many as 12 different systems that report vaccine-caused deaths and injuries to the government. This means that the true number of Chinese Virus injection deaths could be closer to 540,000 people. “How many have really died?” Renz asked. “And why are they covering it up? These people are murdering people. This is complicity at a minimum. People need to be in jail.” Knowing that Big Tech would be quick to censor his speech from YouTube and social media platforms – *don’t worry, you will always find this type of content at Brighteon.com which is never censored* – Renz had a message for the tech cabal, too. “You are complicit in causing death, and I cannot wait to sue you over and over again,” Renz said, referring to multinational corporations like Google, Facebook and Twitter, all of which are engaged in a massive truth coverup.

Renz thanked America’s Frontline Doctors for empowering him to file the suit in Alabama. He personally addressed Dr. Simone Gold and others at the organization who have been speaking out for the past year against the medical deep state’s efforts to silence the facts while promoting medical misinformation. “Thank you, all of you who are doing this,” Renz stated.

The U.S. Centers for Disease Control and Prevention (CDC), meanwhile, is claiming, based on what it is publicly reported in the Vaccine Adverse Event Reporting System (VAERS), that only about 11,000 people have died from Fauci Flu shots. Many of these were reported well past the three-day post-injection timeline assessed by the whistleblower. Dr. Judy Mikovits and Dr. Andrew Wakefield were both in attendance at the same event, which warned that Tony Fauci is a “Luciferian weasel” who should not be taken seriously. “I will be praying very hard for the whistleblower’s safety and for discernment to the legal team,” wrote one commenter at Brighteon.com. “There is not a day that goes by without a jaw dropping admission of treason, flat out murder, theft of taxpayer dollars, election fraud and other crimes against the people of the United States from this not elected fake government,” wrote another. “Looks like

depopulation is occurring more rapidly than originally disclosed,” commenter another. “I can imagine Bill Gates and his cohorts shouting, ‘Full speed ahead!’” As the bodies continue to pile up from Chinese Virus injections, we will report on them at [ChemicalViolence.com](http://ChemicalViolence.com).
